

Oakland County Game & Invention Challenge Project Checklist

I am registered to attend:

- I have registered for the event.
- I have paid my entry fee.
- I have answered all of the questions in the Registration Portal.
- I have had my parent/guardian read the permissions and they have electronically signed the agreement in the portal.

I am ready to compete:

Your **Poster Display** needs to contain:

- Student Name
- Project Name
- Student Age and Grade – all team members should be listed
- Student School
- Brainstorming/Development: summarize the process you went through to develop your game/invention.
- Product Testing: Who did you play your game with? What was their feedback? Did you make changes/adjustments based on this?
- Rules or Instructions for your game/invention
- Marketing Message: to persuade your target audience about why they should buy your toy/game. You may want to create a slogan or consider listing the benefits and unique features of your invention.
- Credits for people who helped you

You should also have:

- Your Prototype
- Your logbook so we can see how your ideas developed!
