Oakland County is engaging students to use their creativity, critical thinking, and STEM skills to develop and present games, apps or inventions. Support this new initiative that fosters the skills that future employers are looking for!
Oakland Schools and the Oakland Schools Education Foundation are launching a new event that supports our goal of maximizing innovative learning opportunities to prepare Oakland Schools’ students for personal and professional success.

This event is open to students in grades 1-12 who can work individually or in teams of up to 5 to create a game, app or invention. From brainstorming to idea development to building a prototype to pitching it to a team of judges, this unique experience helps students develop a myriad of sought after skills.

EVENTS

Entries compete in one of 3 categories:

- TOYS AND PHYSICAL GAMES
- PROBLEM-SOLVING INVENTIONS
- GAME APPS

ENTRANTS

Students will compete within 3 groups. Grades 1-4 will be an experience instead of a competition.

- GRADES 1-4
- GRADES 5-8
- GRADES 9-12

AWARDS

Top performing entries will win awards in the following categories:

- Most Marketable Game Concept
- Most Creative Concept (for the younger ages)
- Most Outstanding Presentation
- Best Invention
- Best Solution for a problem
- Tech Center Challenge Winner

Your support of this event will help us to provide an exceptional experience for the students and their mentors, including things such as specialized registration software, electronic judging tools and structured feedback from the judges, participation awards for all students and awards for top entries, including a trip to the Chicago Game & Invention Fair for the Most Marketable Game Concept!
## SPONSORSHIP INFORMATION

All sponsorship packages include a booth so that you can promote your product and or service to the students, families, educators and community members that will be attending. Stand-alone booths are also available for purchase.
