**SPONSORSHIP PACKET**

# About Mike Young

**WELL KNOWN COMEDIAN, WRITER AND** director Mike Young is a comedy voice for the new world. His Woody Allen like acerbic wit and hilarious punch lines combined with his Judd Apatow like subject matter and original delivery makes Young one of the most in demand writer/directors/performers of his time. Appearing on Showtime, Late Night with Craig Ferguson, AXTV's Live At Gotham and The Carson Daly Show Mike got his start in the stand up world. Opening for the likes of Russell Peters during his World Tour and Bob Saget right here in the states Mike's demographic is far reaching, connecting to audiences of all colors, ages and backgrounds. His Young American Comedy Tour featuring Sebastian Maniscalco, Bobby Lee and Bert Kreischer sold out venues across America.

Born in Detroit and raised in Southfield, Michigan, Mike's comedy comes from real life stories and characters he knew only too well. He's been doing stand up for 20 years, written for TV and films, and has directed two feature films, My Man is A Loser starring John Stamos, Bryan Callen, and Michael Rapaport and A Stand Up Guy. He also has his own podcast entitled Stories That Need To Be Told With Mike Young. Mike Young continues to be in demand as a stand up comedian, writer and director.

# About The Event

The Oakland Schools Education Foundation Everybody Needs a Laugh comedy event supports the Scholarships for Success program by helping students at the Oakland Schools Technical Campuses (OSTC) attend college, trade school or participate in apprenticeships that prepare them for college and careers. These scholarships help ensure students take the next step in education, while fostering a well trained, talented workforce ready for employment by Oakland County companies.

**These scholarships can be life-changing for Oakland County students.**

These scholarships form the link between a top-notch education and good-paying careers for all students, not just a few. We hope you will consider contributing to the Everybody Needs a Laugh comedy event by becoming a sponsor or purchasing tickets to the event. We thank you in advance for your commitment to supporting the next generation of computer programmers, welders and engineers. To learn more, contact Andrea Berry at **248.209.2434** or [andrea.berry@osedfoundation.org](mailto:andrea.berry@osedfoundation.org).

# Success Stories

**Jia Li Avery**  
**OSTC Campus:** Southwest  
**CTE Program:** Health Sciences  
**Home District:** Huron Valley

"Becoming a Pediatrician has been a goal of mine ever since I stepped foot in high school and a counselor asked me what I wanted to do with the rest of my life. Choosing to attend OSTC has not only reassured a lifelong goal of mine, but it has already blessed me with significant knowledge that will stay with me throughout my academic career. While attending OSTC, I have learned the anatomy and physiology of pediatric patients and a long list of signs, and symptoms of conditions commonly found in children, as well as how to treat them."

**Carter Lewis**  
**OSTC Campus:** Northeast  
**CTE Program:** Construction Technology  
**Home District:** Oxford

"Spending two amazing years in the Construction Technology program at OSTC has shown me the limitless possibilities that are available after I graduate from high school. I want to combine my hands-on skills with my relational skills and create a construction company where I can have a good reputation with my customers for my work ethics as well as my quality of work. After graduation, I will attend trade school and continue to earn certifications and licenses towards achieving this goal."

**Nadiya Humes**  
**OSTC Campus:** Southwest  
**CTE Program:** Culinary Arts and Hospitality  
**Home District:** Walled Lake

"After graduating high school I plan to attend Schoolcraft College to receive my bachelors degree in culinary arts. Being a chef is such an enormous part of my life and OSTC is such a gigantic part of it as well. I have wanted to be a chef since I was seven years old. I have been cooking for so many years, but now I have the training to support my hobby and passion. Being a student at OSTC has opened up so many doors for me when it comes to my future. "
